SUMMARY

I am a front-end web developer with a passion for creating projects from scratch and witnessing them come to life. I possess a unique skill-set that I've acquired from my past experience in the field of art and entertainment, giving me a knack for styling, design, and a strong focus on the user experience.

SKILLS

Front End: HTML5, CSS3, JavaScript, JQuery, RESTful APIs

Back End: Node.js, SQL, PostgreSQL

Frameworks: ReactJS, React Router, Express

Other Technologies: Git, Github, Chrome Dev Tools, JSON, Enzyme, Jest, Mocha, Chai, Supertest, Knex

EDUCATION

THINKFUL

03/2019 to 11/2019

Engineering Flex Program

- Learned industry best practices and practical software development standards with a focus on HTML5, CSS3, JavaScript, jQuery, React.
- Created and deployed mobile-first applications while learning new languages and frameworks by collaborating several hours every week with a senior web developer.
